

Pre-Listing Prep & Styling Checklist — Tasmania

Getting your property market-ready without overspending on the wrong things.

Correct as at July 2026. General information only, not legal, financial or valuation advice.

Section 1 — Before You Spend Anything

- ☐ ☐ **Engage your conveyancer or solicitor early** to prepare your contract of sale — since Tasmania has no cooling-off period, having a clean, complete contract ready before marketing begins helps buyers move to signature with confidence.
- ☐ ☐ **Get a professional appraisal from 2-3 agents** before deciding your preparation budget.
- ☐ ☐ **Decide: renovate, style, or sell as-is?** Major renovations rarely return their cost dollar-for-dollar in a short pre-sale timeframe.

Section 2 — High-Return, Low-Cost Improvements

- ☐ ☐ **Declutter aggressively** — consistently the highest-return, lowest-cost step.
- ☐ ☐ **Deep clean throughout**, paying particular attention to damp and mould given Tasmania's cooler, wetter climate — this is genuinely more relevant here than in drier states.
- ☐ ☐ **Fix small, visible defects** — leaking taps, cracked tiles, chipped paint.
- ☐ ☐ **Freshen paint in neutral tones** where walls are marked or dated.
- ☐ ☐ **Check and service heating systems** before listing — functional, efficient heating is a genuine selling point in Tasmania's climate and worth confirming works well before your first open home.
- ☐ ☐ **Improve street appeal.**

Section 3 — Styling Decisions

- ☐ ☐ **Consider professional staging for vacant properties.**
- ☐ ☐ **For occupied properties, focus on de-personalising** rather than full staging.
- ☐ ☐ **Get professional photography and floor plans regardless of styling budget** — not an area to cut costs on.
- ☐ ☐ **Ask your agent for their honest opinion on styling ROI** for your specific property.

Section 4 — Compliance Items to Check Before Listing

- ☐ ☐ **Check smoke alarm compliance.**
- ☐ ☐ **If in a strata scheme, gather your records** — recent meeting minutes, financials, and any known disputes or special levies.
- ☐ ☐ **Address any known damp, mould, or structural issues honestly** — given there's no cooling-off period, a clean, accurate disclosure process reduces the risk of disputes after a binding signature.

Section 5 — Timing Your Campaign

- ☐ ☐ **Discuss timing with your agent relative to market conditions and Tasmania's seasonal patterns.**
- ☐ ☐ **Align your preparation timeline with your agent's proposed campaign start.**
- ☐ ☐ **Plan your own moving logistics in parallel** — see the separate Pre-Settlement Checklist in this series.
